In keeping with tradition, NHS is once again King of the Hill academically and athletically. Seven of the students at NHS were semi finalists in the National Merit Contest. Six students were highly commended. In the athletic department, examples of NHS's royalty were golf and cross country teams who won league meets.

- 1 The waterwheel of the Ford Plant is one of the most pleasurable places for a picnic.
- 2 A typical 7:00 a.m. scene for students walking to school.
- 3 The historical wishing well is a popular spot for real spring water.
- 4 The watertower can be seen from many places in town.
- 5 NHS holds a commanding view over Northville.

Kingdom of Northville

The beautification of Northville has been a long, involved project which began with unpleasant scenes of broken cement and blocked roads. The end seemed unreachable, but the final results are near, and the Kingdom of Northville promises to be a beautiful one.

4

- 1 Old homes leave traces of history around Northville.
- 2 Drivers try to adjust to Northville's new roads.
- 3 New brick cross walks add charm to the streets of Northville.
- 4 Northville's new plaza is a delight for shoppers to enjoy.

- 5 Traditional lamps line Main Street.
- 6 New signs portray the old image of Northville.
- 7 A new sign is the finishing touch to Northville's municipal complex.
- 8 Modern home adds spice to Northville.

Since June 1981, Northville has become a town of unique charm. Northville residents have enjoyed watching the renovation of Main Street. Its new look has captured the hearts of many people. Brick sidewalks, lamp posts, and an old-fashioned Towns' Square clock have made our "home" unique.

- 5 Tracey Swope watches the activities of pep rally.
- 6 Sean Morrissey enjoys the junior car pile-up.

Students return to a refreshed N.H.S.

Volunteer mothers gave their all at registration while struggling students registered their schedules. Upon arriving to school this year, students were pleasantly surprised by newly painted lockers and an overall clean look at N.H.S. A new breezeway was built to allow students a shortcut from one end of the school to another.

NHS shows off its new look

NHS is a school rich with additions and ideas. Classes begin at 7:30 a.m. instead of 8:00 a.m., due to a change in the bus schedule. A new breezeway has been built connecting A hall to D hall, making class changes virtually a breeze. New in the cafeteria this year is a salad-bar. Another leafy green addition is the display of plants beside the stairway, giving our fortress a warm, welcoming atmosphere.

Spirit reigns during homecoming

During Homecoming week, NHS students participated in crazy activities, each class trying to prove that they are number one in school spirit. Activities included a goldfish eating contest, marshmallow stuffing, best legs, best song, stuffed animals, and the annual car pile-up. To gain more points, the students wore specific items. There was hat day, T-shirt day, punk day, and black-n-orange day. Although the sophomores gave it their all, and the seniors ended up winning the overall competition, the juniors proved that they were number one in school spirit.

- 1 Brian Jennings and Ken Smith show off their legs.
- 2 Scott Anderson obviously has punk in his blood.
- 3 Dan Sackllah goes fishing.

Northville films an animated Homecoming

2

8

Our Homecoming this year was a great success, in spite of some minor inevitable mishaps. The day of October 16 was very rewarding for the Northville High School students. The weather cooperated with all of our planned activities. The parade started things rolling which led to the high-spirited Northville-Canton game. Canton threatened our Homecoming Throne in the third quarter, but the Mighty Mustangs pulled through again. The culmination of the Homecoming activities was a memorable Homecoming dance.

STUDENT LIFE

1

2

3

4

Student life at NHS brings with it friendships as well as learning experiences. Each student, open to new ideas, finds answers to all their questions in day-to-day life. Each student expresses his own special abilities through art, music, drama and sports. Even when not participating, students pull together to cheer on and support their classmates. Before students leave, each one grows and matures in their own way trying to prepare for the world.

- 6 Students leave another school day behind them as the bus takes them to after-school activities.

Frankenstein comes to Northville

The 1981 fall play, again under the direction of Kurt Kinde, was Mary Shelley's classic tale Frankenstein. The play had a sensational cast that seemed professional on stage, and had an outstanding backstage crew. Kurt Hoffmeister won the George award for excellence in backstage work. The "Something's A-Foot" award was given to Dave Walters who was caught on stage when the lights went on, suddenly becoming part of a scene. Dave and Doug McDonald handled the job of sound and special effects superbly which all added to the success of this year's fall play.

SPORTS

2

3

Sports is a major activity at NHS. Whether it be fall, winter, or spring, something is going on. In the summer, the athletes are busy training.

Although all students do not participate in a sport, they play a major role by going to games and cheering our teams on.

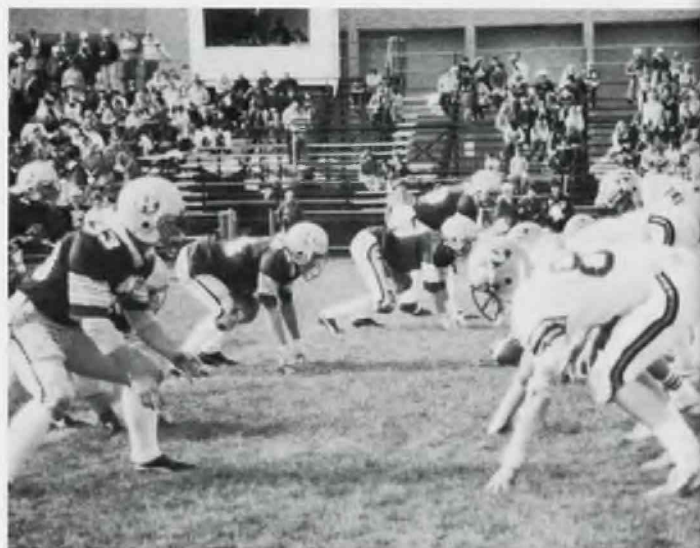

Participants in athletics here at NHS work to break records and win honors as well as work as a team and practice good sportsmanship.

- 5 King of the Hill, Vince Candela

Varsity Football

The varsity football team ended the season with a record of 4 wins and 5 losses. Nineteen eighty-one was a season of emotional highs and lows. The big games were the opening victory over Thurston 24-0, the Homecoming victory over Canton 20-15 and the opening league victory over W. L. Western 21-9. There were many seniors who received past season honors and they are; Vince Candela, Tim McLaughlin, Neil Fitzpatrick, Tom Hanson, Scott Spaman, Matt Koel, Chris Dimitroff, Scott Faustyn, and Rick Pearce. With the return of 24 lettermen from this year's squad 1982 looks like a good competitive year.

Front: Captains: Tim McLaughlin, Scott Faustyn, Scott Spaman. Second: Mike Haggerty, Chris Mercier, Todd Zoroya, Tim Borwick, David Perpich, Vince Candela, Tom Hanson, Dan Murray, Chris Dimitroff, Jeff Weaver, Jim Reame, Rick Pearce, Neil Fitzpatrick. Third: Jim Thompson, Matt Koel,

Junior Varsity Football

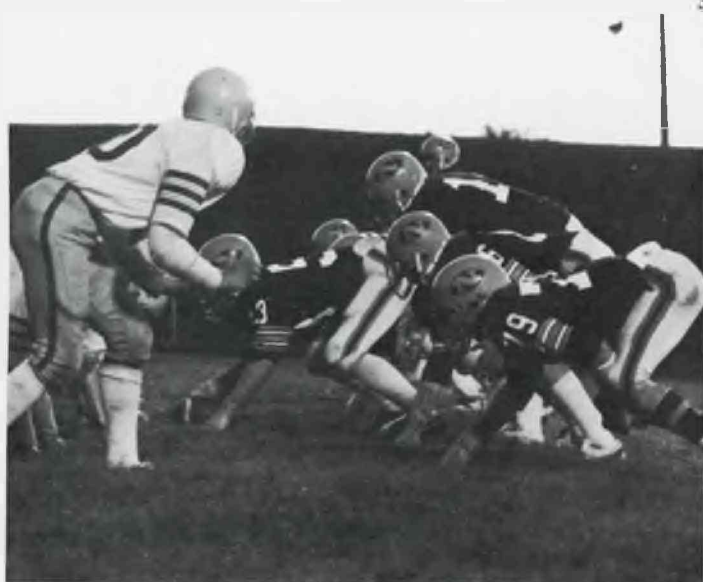

The 1981 Junior Varsity football team had a very good season. Their record indicates an exceptional defensive team. It wasn't until the eighth game of the season that they allowed more than one touchdown. It was unfortunate that they had two ties, both games were dominated by the Mustangs but they just couldn't get another score. John Quinn had an exceptional year, rushing for over 1,000 yards. There are many players who worked hard and gave Northville a bright outlook for the future.

Boys' Varsity Basketball

The Mustangs put together a five game winning streak enroute of winning 7 out of 9 contests in the middle of the season, but dropped 2 key Western Six contests away from home to fall from a tie for first place conference honors to third place at the end of Western Six competition. The team also extended the varsity's home game winning streak from 16 victories in a row to 23, before dropping a close decision to Brighton, ending a 2 year streak. Co-captain Tim McLaughlin and Tim Wagner, leading scorer and rebounder, Dave Malinowski, and John Foley will be missed.

Boys' J.V. Basketball

The J.V. team began the season by participating in a preseason tournament sponsored by South Lyon High School. They were crowned the champions of this tournament. They went on to end the season with 15 wins and 5 losses

Leading the team for the season in the following categories were:

- Most Assists — Bob Pegrum
- Leading Rebounder — Mike Weber
- Leading Scorer — Mike Weber
- Best Free Throw Percentage — Bob Pegrum
- Best Field Goal Percentage — Mike Weber

Although these players were leaders in these categories, all of the players contributed in their own way in making the season a winning and successful one

Girls' Varsity Basketball

This was the best season for the Mustangs since 1973. They had an overall record of 13-8, losing the district championship against Livonia-Bentley 42-24. It was the scoring of Jacquelyn Nixon and Melinda House and the defense of Tracy Wilkinson, Marj Muller, and Melissa McDaniel, which propelled the Mustangs to the district championship game.

Wrestling

The wrestlers faced a tough season this year, because of a lack of personnel and experienced wrestlers. But, in spite of these problems and others, the wrestlers gave a good performance. Jack Wallace, Neil Fitzpatrick and others received medals, and Vince Candela went to state. Ernie Bock also showed a promising future this season.

Girls Swimming

Northville High School's 1981 Girls Swim Team continued to uphold a tradition of strong swimming and great spirit. Although few in number, these girls presented a tough challenge in every competitive situation.

Under the coaching of Mr. Bill Dicks, the girls had practice every day after school. They all worked very hard to achieve 2nd place in the league meet. Honorable mentions were Trish Settles and Kathy Bainbridge. Trish Settles qualified for the state meet.

Volleyball

Northville's Volleyball team has had its ups and downs this year, with a win, lost record of 3 and 7. One of the bright spots of the team was the steady play of our seniors: Captain, Melinda House and Nancy Brown.

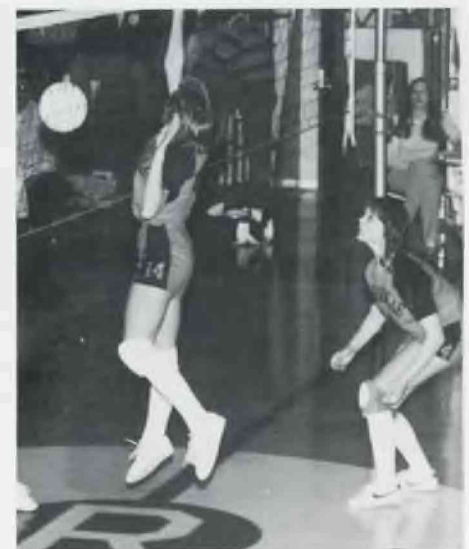

Last year, Melinda was named to the honorable mention All League Team for the Western Six. As a senior she made first team all league

Girls' Tennis

The Girl's Tennis team pulled a very close second in the league to Harrison. Coach Filkin said the extremely bad weather conditions affected the 9-5 record.

Junior Marnie Dillow held the number one singles spot followed by

Senior Sherry Robins. Doubles position was held by Kathy Montgomery and Jackie Nichols. Jill Stevens and Jean Dusablon took the second position. The team lacked experience with only three seniors

1981 Spring Sports

The Boys Varsity and J.V. Baseball Teams had a difficult season, but fortunately there were some fine individual performances. The Girls Softball Teams were led by all-league performers, and had respectable finishes. The Boys Tennis Team finished with a 5-8 overall record and a 5-4 league record. The Girls Soccer Team's strong defense and balanced scoring, helped them finish the season with a 12-2-3 record. The Girls Track Team coached by Robert Prom, started their season with a number of victories, but unfortunately, they could not hold onto these victories. The Boys Track Team continued its tradition of domination in distance events by capturing the half-mile, one-mile, and two-mile events.

ACADEMICS

1

2

3

Academics are an important part of our school studies and influence our lives in the future. Academic choices at NHS are plentiful ranging from Math, English, Social Studies and Sciences to Art, Business, Foreign Language, Home Ec., Industrial Arts, Music, and Phys. Ed. Requirements for Sciences are two full years and three for English. For many students, these academic classes often turn into full time careers in the future. Because of our well taught classes and good students, 433 students made the honor roll, an outstanding accomplishment.

1

The Board of Education sets the policies for the school district, and the staff is responsible for the day-to-day activities and decisions to ensure that the students receive a good education. Students also help make decisions that affect the many aspects of the curricular and extracurricular life at the high school.

Karen Wilkinson, Pres.

2

This year the Board was pleased with students help on the millage and the citizens advisory committee.

1 School Board members debate the budget.
2 Lawrence Nichols and Marge Dobbs discuss the agenda with Karen Wilkinson.

David Llewellyn, V.P.

Debra Wangrud, Pers. Coord.

Asst. Supt.

Mrs. Soper has been the Assistant Superintendent for three years. Previous to this job, she was the Director of Instruction. She was relieved over the passing of the millage.

An early settlement was also made on the teachers' contract this year. Mrs. Soper married the Superintendent of Plymouth last December. She enjoys tennis, skiing, golf, and collecting antique clocks.

Administration

Northville High School under the direction of Dr. Aune, Dr. Campbell, and Mr. Redmond has grown into a place where students can enjoy themselves with their friends, as they plan for their future.

These people have supervised changes around the school that have improved its beauty. Such changes have included the breezeway, the plant display located near B wing, and the plantings in front of school.

We appreciate these efforts and their handling of the day to day problems that occur around NHS.

Mrs. Oliver

Mrs. Juday

Mrs. Kissel

Athletic Director

Ralph Redmond has been teaching in Northville since 1958. Starting at NHS in 1964, he has taught composition, journalism, and other English classes. The last four of his twenty-three years have been

spent as director of athletics and assistant principal. Mr. Redmond is married and has four daughters, all involved in athletics. Besides sports the family also enjoys camping.

Service People

The men and women who help keep our school and cafeteria maintained are often taken for granted. The lunch ladies' jobs include providing students and faculty with snacks in the morning and hot meals at lunchtime. The janitors keep our school clean and the maintenance crew keep things running smoothly.

1

2

- 1 Dr. Aune is tempted by the tasty desserts offered in the cafeteria.
- 2 Madeline, tries!
- 3 Dave Arwady and Greg Marshall portray themselves as bouncers for the lunchroom.
- 4 The lunchroom is cleaned up after a busy day.

Friendly Cashier

Pat Blaser, a service person at NHS thinks working at school is a lot of fun. The employees she works with are friendly, and she likes her schooltime hours. Most of all Pat loves having the holidays off,

leaving time to spend with her 5 married daughters and 4 grandchildren. Mrs. Blaser has spent 8 years at Northville and hopes there are many more to come.

Counseling and Special Ed.

A counselor is a person specially trained to help students realize their fullest potential as a unique human

being.

Among the things that counselors do for students are: make suitable decisions about life, develop positive attitudes, solve personal problems, choose class courses, prepare students to find jobs, plan future education, decide a career, and more!!!

The goal of counseling is to help students understand themselves so they can learn to make good decisions.

The Special Ed. Department again, this year consists of a self-contained classroom, a resource room, and a teacher consultant.

Senior Counselor

Mrs. Cohen has been a counselor for thirteen years. She has counseled students at Wayne State University, Mercy College of Detroit, Cooke Junior High, and the NHS. Mrs. Cohen, her husband and children have lived in Michigan all of their lives. She enjoys swimming, reading, sewing, traveling and gardening. This will be her seventh year working with some of these seniors.

4

Mrs. Olson

Mr. Wickens

- 1 Counseling can become a hectic job.
- 2 Pat Conway shows that working a computer is not all that difficult.
- 3 Mrs. Olson and Dr. Aune help students at registration.
- 4 Secretary of counseling, Mrs. Juday demonstrates her NHS spirit.

All American Woman

Mrs. Dwyer has been teaching for fourteen years at NHS. She teaches Speech I and II and Broadcasting I and II. She enjoys working with students and also with new cable facilities. Mrs. Dwyer feels that budget cuts have affected the classes because classes are larger and the faculty has fewer supplies. She spends her spare time cross-country skiing up north, motorcycling, and traveling world-wide. She has visited Germany, Austria, and Switzerland and hopes to visit them again.

- 3) Test taking is serious business.

English

In order to allow each student to progress as far as possible in the communication arts, the English Department offers a variety of courses at different phase levels. Students benefit most by choosing at least one course in each of the three communication skills: reading, writing, and performance. The phase-elective program offers course choices suited to the skills, expectations, and interest of each student. Phases range from One through Five, representing levels of difficulty, pace, and content. Most courses overlap two or more phases to allow for the variety of skills, motivation, and background among the student body.

- 2) Spanish students eye the camera while pretending to do their assignments
- 3) Jim Willoughby and fellow students listen to Mrs. Prestel in French III

Foreign Languages

NHS has a very good foreign language program. The high school offers French taught by Mrs. Prestel and Mrs. Hopkins, Spanish taught by Ms. Serafa, and German taught by Mrs. McDonald. Third year French and Spanish received new books which were needed and welcomed by the students. The department is

by the students. The department is planning a trip to France and Germany this summer sponsored by Mrs. McDonald.

Mrs. Hopkins

Mrs. Hopkins has taught both French and Spanish at NHS for over eight years. Originally she is from Algeria, located in North Africa, where she grew up. She speaks four languages, French, Spanish, English, and Latin. Just this past April she received her Master's Degree in language and international trade. Mrs. Hopkins is married and has three daughters. Her family and teaching consume most of her time. When she does have extra time she enjoys playing the piano, reading and gardening.

Mrs. McDonald

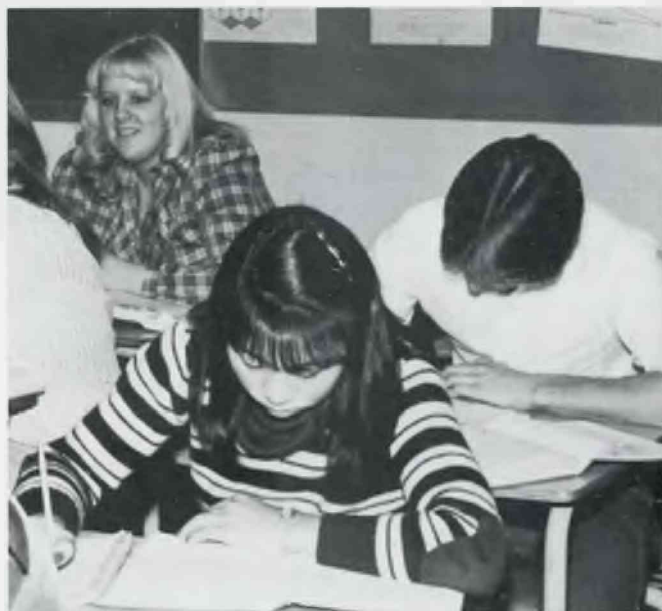

Mrs. Prestel

Mrs. Serafa-Manschot

Math

Even though NHS does not have a requirement for math classes, the Math Department has the second largest enrollment in the school. As a result of the millage, the Math Department lost a Geometry class making the teacher-student ratio greater. But this year the department was given the use of new computer located in the I.M.C., greatly helping those having problems in math.

Mrs. Arnold

Mr Osborn

Mr. Schu

Mr. Darrel Schumacher has been teaching at NHS since 1973. He is interested in skiing and also in many other sports. When at home, Mr. Schumacher works with wood. His accomplishments include remodeling of homes and building patios and wood decks.

At present, he is coaching the varsity football team and he has coached football for eleven years. Mr. Schu also loves children and spends as much time as possible with his wife Janet and daughters Brittney and Amy and son Chad.

Mr. Dunwoodie

Mr. Johnson

- 1 Students in Mr. Osborn's Algebra II get a head start on their homework.
- 2 Suzanne Buist, Angie Goudreau, and Sue Prim try to concentrate on their Algebra homework.
- 3 Larry Baltz thinks Honors Algebra II is a breeze.

Twelve year veteran

Mr. Edwards has taught at Northville High for twelve years and started this one by marrying Ms. Walker. Mr. Edwards loves golfing and photography and practices both when he has a chance. In 1967 he received his Master's Degree at Eastern University and taught at Detroit Institute of Technology for two years. After this, Mr. Edwards came to teach at Northville.

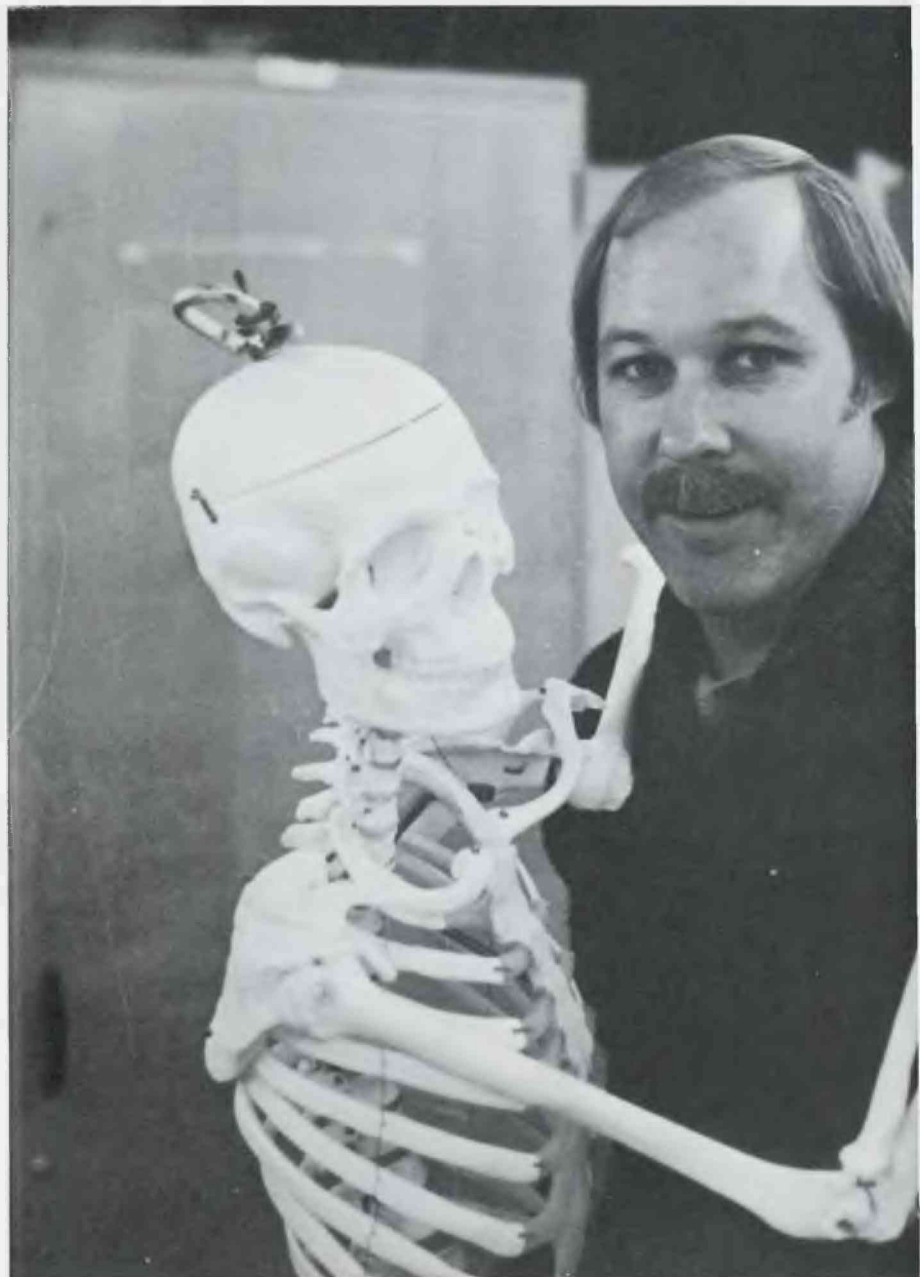

Mr. Meteyer

Ms. Starkey

- 1 Mr. Edwards tangoes with Sam.
- 2 Mr. Meteyer is strict in the discipline department.
- 3 This is one of the many brains from Advanced Biology class.

3

Science

The Science Department not only includes Biology, Chemistry and Physics, but also Advanced Biology, Science Seminar, and Conservation. Biology deals with the life sciences, Chemistry deals with formulas and experiments, while Physics applies math to the laws of natural sciences. Advanced Biology goes into the depths of anatomy and functions of the human body. Here, students dissect different things like the eye, heart and brain. Students are kept busy daily. In Science Seminar, students are independent and work on their own experiments and dissections.

Social Studies

The Northville High School Social Studies Department offers over 15 different courses. The department has five full-time teachers and one part-time teacher.

As people and events change, social studies changes. We are constantly provided with new topic material as events occur on the international, national and local scenes.

We will be able to record these

current events, as well as documentaries and educational programs, with the new videotape that is being purchased for the social studies department.

One of the major department goals this year was to better meet the needs of students who were experiencing academic difficulty. We preview added materials and explored new methods to provide a meaningful education for all students.

Townslenomics

Mr. Townsley has been teaching Social Studies at Northville for 17 out of his 23 year teaching career. In the past, he has taught Philosophy, Ancient History and Medieval History. Beyond the classroom, he enjoys Greek activities along with a variety of sports. He says he owes his career to the three colleges he attended; Michigan State Normal College, Eastern Michigan, and Eastern Michigan University. With a laugh, he concludes that each college is one in the same, and they only changed names while he attended them.

Ms. Tibble

Musician

Mr. Rumbell is a professional musician and music arranger, as well as a composer. He has performed with such famous stars as Wayne Newton and Al Martino. He played at the 1980 Republican Convention at the Joe Louis Arena last year in Detroit.

2

He sponsors the Marching Band. The band has just released a double record album set which includes performances from concerts, festivals and recording sessions from last year. The arrangements Mr. Rumbell has completed have been performed at the University of Michigan, and the University of Windsor.

Fine Arts

Many students find that the Fine Arts Department offerings are a way to satisfy their creative needs.

Classes include design, drawing and painting,

ceramics, art metals and playing a variety of musical instruments. Enrollment is high in these popular classes and students enjoy working in each specialized craft.

- 5) The band strikes up a catchy tune.

Business

Mr. Saunders, Mrs. Gorshak, and Mr. Emerson with the help of aides — Mrs. Connelly and Mrs. Hicks, run the Business Department at Northville. This year they are working on expanding the computer program. A minicomputer, helping out in Data Processing and Accounting, was donated to the department. Business speakers as well as college representatives have been scheduled to come into the classes, helping students to make career choices and to learn job hunting skills. Also many of the classes offered in the Business Department can be transferred for college credits, making the Business Department a very important part of the NHS curriculum.

1 Mrs. Hicks and Mrs. Connelly work as aides for Mr. Saunders and Mrs. Gorshak.
2 Mr. Saunders presents a serious look.
3 Gail Engelmeyer prepares to begin typing.

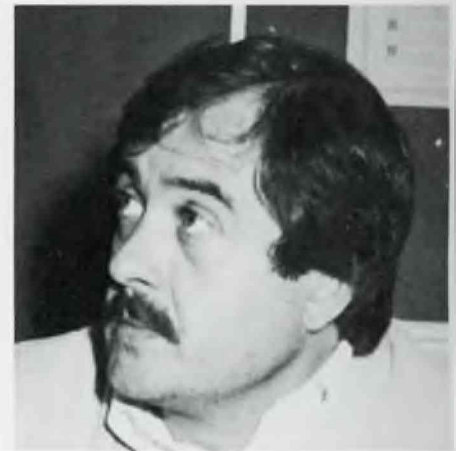

Woman of Many Interests

Mrs. Gorshak, the only female teacher in our Business Dept., teaches typing and Data Processing. She graduated from Western and has been teaching

for eleven years. She has two children, one just born this summer. Mrs. Gorshak enjoys interior decorating and traveling.

Industrial Arts

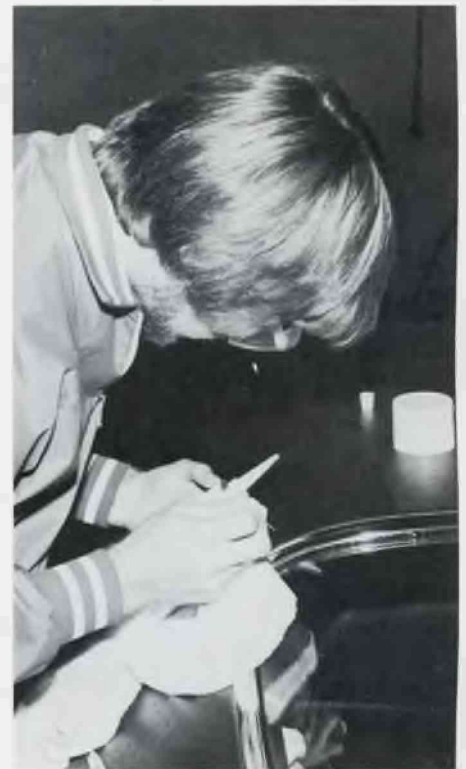

Mr. Deskovitz enjoys life

Mr. Deskovitz loves teaching Industrial Arts, especially electronics because this field is always moving into the future. And nothing could please him more than to see a student figure out a problem himself in class. Mr. Deskovitz also loves to stay in shape by giving up smoking, by jogging, and taking care of his wife and four children. He relaxes by playing the guitar, listening to his favorite singers Frank Zappa and Glen Campbell, or just his favorite station W4.

The Electronics class has updated its equipment with a new laboratory. Digital logic and microprocessors are important areas for the future.

In September of 1981, two Compugraphic Phototypesetters were donated to NHS by Midwest Bancnote Co. Phototypesetting has revolutionized the look of today's printing.

The auto shop has received new equipment, a pulling and lifting device, hand held timing devices and a weaver twin post. The senior class helped with the cleaning and repainting of the shop.

Phys. Ed.

The Physical Education Department has a semester required course and a semester elective course which each Northville student must enroll in during their three years in high school. The required course is Fundamentals of Physical Education. While enrolled in the fundamentals course, students take the National Physical Fitness Test, learn the skills, rules and techniques of volleyball, paddleball and badminton and participate in a unit on swimming instruction. The elective courses taught in the high school are: Lifetime Sports, Advanced Swimming, Boy's Conditioning, Girl's Shape-Up, Team Sports, Recreation, and Individual Sports and Rackets.

The pleasantly decorated I.M.C. continues to be the best place for quiet study. With the addition of the Apple II Microcomputer and Video Cassette Recorder to the Audio

Visual Department, the librarians are continuing to keep abreast of the new advances in technology. Mrs. Hood and Mrs. Stanton are the librarians while Mrs. Mowat is the aide.

2

Shhhh!

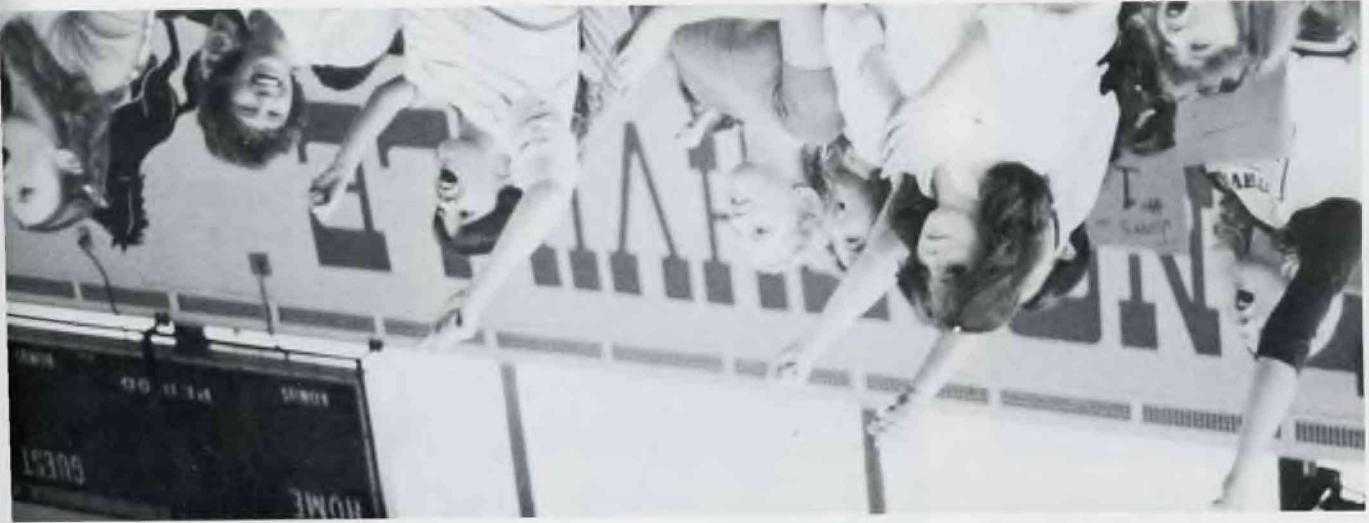

Mrs. Stanton is our new librarian and media specialist. She graduated from University of Michigan after studying at Schoolcraft College. She is married and has two sons. She enjoys reading, collecting geological specimens and traveling. Mrs. Stanton has visited more than eight different countries. When she travels she likes to examine the educational systems and historical sites.

UNDERTAS

This year's underclassmen strived for the respect they deserved.

The juniors learned about high school life last year, and showed sophomores as well as seniors their abilities. They took a first in "most spirit" and "best hall decorations" as well as earned the most money any junior class has in a long time.

The sophomores, class of '84', worked hard to overcome obstacles . . . tougher classes with greater work loads, and being the youngest class. Registration proved to be a memorable experience along with finding their classes on that first day.

1 Michelle Doll enjoys a pleasant chat over the telephone.

2 Junior girls yell their hearts out, showing their spirit at a pep assembly.

3 Janel Dunnabeck and Andrea Huth spend their leisure time having a heavy discussion.

4 Ernie Bock concentrates on an essay question.

Twins Donna and Darlene

Donna and Darlene think being twins is fun. Not a lot of people believe they're twins because they look so different. They enjoy not looking the same, because they each have their own personalities. When twins look alike, people think everything about them is the same, and it's not. The best things about being a twin is that they are going through the same experiences and are in the same grade. They also know the same people. If they didn't get along so well, it wouldn't be the same, but Donna and Darlene are very good friends.

Smile!

Greg Dace received his first camera for Christmas of 1980. He had previous experience in a friend's darkroom, and his total experience with a camera has been about two years. Greg's biggest interest is sports. He has taken pictures at Tiger's games, Lion's games, Red Wing games and U of M football and basketball games. Taking pictures at NHS sporting events for the yearbook has been a dream come true. Greg would love to take pictures for one of the many large national sports magazines. Greg enjoys working in the darkroom as much as taking the pictures. "Seeing your work as it develops is a great feeling."

Greg also got Jeff Evans involved in photography. He talked Jeff into working for the yearbook as a sports photographer. Now Jeff likes it so much, he plans to make a career out of it. Jeff feels that, "Sports is fun to take pictures of, but I feel taking pictures of people and inanimate objects has much more meaning."

Hair Whiz

Gloria Engelmeyer first got interested in hair styling in the eighth and ninth grades when she went to a hair show. At the show, the experts showed different ways to cut and style hair. She started getting interested in braiding and cutting hair also about three years ago. She taught herself to do this. Eventually, she will go into hair styling and cutting as a profession.

Go Vikings!!!

Mike has been a Minnesota Viking fan for about seven years. He has relatives living in Minnesota that probably influenced him. He has had all kinds of Viking clothing from P.J.'s when he was little to jackets and hats. His room has had assorted posters on the walls and other Viking things sitting about. His all time favorite players are Fran Tarkenton and Chuck Foraman.

As a trainer for the Mustangs, Mike has several duties. He helps make the drink for the player, helps tape the players before the games and practice. He also helps if a player is injured. He prepares whirlpools and helps keep the locker room in order.

Unicorn Collector

Caryn Talbot, a junior at NHS, has an interesting hobby of collecting unicorns. She started collecting about two years ago and her display keeps growing. Caryn received her first unicorn in California, (where she used to live) from her mother. It was a small one but she admired it, brought more and received some from her friends. Caryn has accumulated about fifty unicorns and expects many more to be added to her collection.

Besides collecting unicorns, Caryn enjoys ballet, jazz dancing, working on the yearbook and managing NHS's wrestling team.

SENIORS

NH.S. Seniors showed spunk and spirit throughout the year. Many of this year's seniors, quiet and modest juniors of the past, surprised NHS with Beach Boy imitations, army knowledge of tanks and ROTC, and enthusiasm at dances.

Spending thirteen years of their lives in a variety of schools, they all came together as one, the class of '82.

As they step out the front doors for the last time they yell "Adios Amigos," wave, and tuck away many memories.

Super-Matt

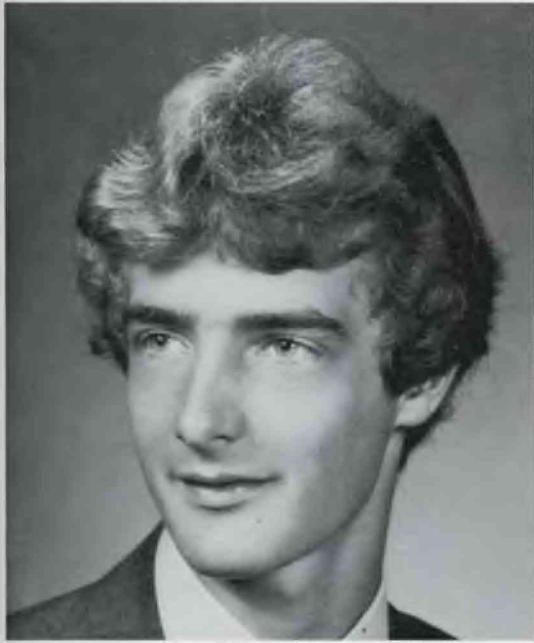

Matt Abraham is active in German and Humanities plus clubs. He is on the committee for the Northville-Noví 1982 M.D. Super Dance, and managing editor for the N.H.S. Mustangs.

During his junior year, he was representative to the student congress, and presently, in his senior year, is secretary of student congress.

Matt plans to attend Hillsdale College to work on a business degree.

Matt has been an active tennis player throughout high school.

Future Engineer

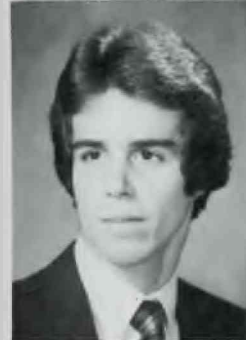

Kirk Bingenheimer, pursuing his interests of playing the tuba, and engineering, has played in the N.H.S. Wind Ensemble for the past three years, and enrolled in engineer-drawing courses taught by Mr. Anderson. Kirk plans to pursue a career in engineering at Michigan State, and then in architecture eventually.

Special Education

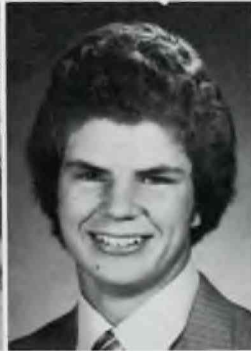

Kim Byam's main interest is retarded children. She is planning to go into the field of Special Education and is looking for a college with a good special education program.

Kim says that retarded kids are special to her and because she is healthy and normal she feels that she should help them. She wants to prove to the world that special education kids are humans too!

As other hobbies, Kim plays the flute in band, she has played for almost seven years, and for two years she has played in the marching band. She also enjoys singing in the church choir and helping her mom babysitting.

Tourist of Other Nations

Last summer, Sarah Conlon visited Spain, France and England with 10 other students of the NHS and Ms. Serafa. In Spain, she saw flamenco dancing and she had the opportunity to see a bull fight. In Paris, she saw the typical sites and in London, she saw the changing of the guard at Buckingham Palace, the Big Ben, and St. Paul's Cathedral.

She says that it was a good experience for her because she is planning to enter into a career in international business. Sarah also enjoys playing racquetball and she was the Co-President of the Pep Club and the Co-Chairperson of the Muscular Dystrophy Dance-a-Thon.

Art has been Colleen Cox's main interest for as long as she can remember. Back in kindergarten, she started drawing real people instead of stick figures. Next year, Colleen will be enrolled at Spring Arbor majoring in Art and Medieval History.

School Politics

Scott Faustyn came into school politics during the eighth grade. He became president of his class. In his junior year he became president of the class of '82, and is presently involved in student congress serving as president.

During the summer of 1981, Scott attended Boys State. He feels it was a high point of his school career. His interests include football, track, skiing, and journalism. Scott has played football for eight years, earning the title Captain of the Mustang Varsity in 1981. He is presently enrolled at MSU and plans his major in Political Science.

Scott feels the student congress has been significantly more active this year than in the past. "I feel a change in attitude in many students this year, I attribute much of it to this summer's renovations."

Nursery School Volunteer

Todd Gall has always shown a particular sensitivity toward young children. He is able to relate to their curiosity, their energy, their honesty, and their limits. For the past four years, he has demonstrated this special talent by voluntarily working with pre-school and early elementary students at a local, private school. He utilizes his interest in science and in art activities for the children.

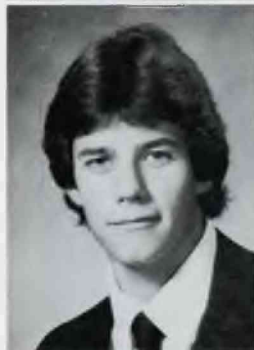

Other interests include collecting jokes, model building, building and operation of remote-control vehicles, coin collecting, and fishing.

Blind Charities Worker

Mike Haggerty has performed a unique community service over the past five years. He has volunteered his time and energies to help raise funds for blind charities. Don't be surprised if Mike fills your food order while you're attending a concert or football game at the Pontiac Silverdome. He works at the concession stand there. All proceeds are distributed by his father's Lions Club to charities such as the Leader Dogs for the Blind in Rochester, Michigan and the Michigan Eye Research Center at U of M. Ann Arbor.

Mike has lettered in football for the past two years at N.H.S. He plans to attend college to pursue a degree in architecture and construction management. He will work part time assisting in the family owned general contracting and management business.

Don't Go With Strangers

Along with Janet Hudolin, Laura has spent much of her time preparing a Community Service project to be used with Northville elementary students. Together, they have constructed a puppet theater and written a play for children. Their final product, "Don't Go With Strangers," was seen by more than twenty-five classes this year. In addition to her Community Service project, Laura finds time to participate as a member of the Gymnastics Team. She has been on the team since her move to Northville. In her leisure time at home, Laura enjoys working on craft projects. The interests Laura has developed center on people and fit right in with her career plans. She will attend college next year and is looking forward to a career as a travel agent.

Music Lover

Six years of trumpet playing has made Phil Lamb one of NHS's most talented musicians. Phil has performed not only with NHS's band, but has soloed for many major music programs throughout the community. From school musicals to district and state festivals, marching on the football field to playing his horn at Northville Charley's; arranging music programs for school and area functions to appearing as solo accompanist in a variety of public and private concerts, Phil has always demonstrated his overall versatility in the music field.

As a licensed W. S. I. swim instructor, Phil works on the Livonia family-Y-swim staff. Phil is not only an excellent swimmer and musician, but he is an avid skier who can slalom and schuss on the most difficult of slopes. Phil hopes to continue with his music in college while pursuing a degree in computers.

Melissa McDaniel is Northville's Junior Miss for 1982. The pageant which was held on November 22, had four contestants. They were judged on poise, appearance, scholastic achievement, a judge's interview, and a talent show. Melissa sang "Follow Me" by John Denver and accompanied herself on the guitar. She was awarded with \$100 in gift certificates, and the opportunity to be in the State Pageant in January.

She is also involved in sports. She played basketball and soccer all three years in the high school, lettering five times. She also enjoys skiing, sailing and camping. Melissa plans to attend the University of Michigan to study Engineering.

Future Mechanics

Kenny and Kevin Meyers have many similar interests and spare time hobbies. They have been interested in cars and motors since they were quite young. They were very particular about assembling models, and thoroughly enjoy working on auto engines.

They extend this interest in mechanics to their hobby of keeping their dirt bikes and snowmobiles running properly.

Their spare time is limited, but when available, they like being outdoors, and participating in hunting, fishing, camping, and riding, of course.

Talented Guy

Willy Newman shows a unique mixture of academic and athletic talent. On the athletic field, Willy performs exceptionally well. In the eleventh grade he was all-western six and all-area in baseball. He also performs quite well in the classroom. He has earned a cumulative grade point average of 3.8 with a classload dotted with honors courses and college prep classes. He was also awarded the honor of being a National Merit Semi-Finalist on the basis of his PSAT and SAT scores, and scored an exceptional 32 on his ACT test. Willy plans to go to the University of Michigan to major in economics and business administration and play baseball too.

In The News Were . . .

An assassination and two assassination attempts filled this year's news. After a few months in office, an attempt was made on President Ronald Reagan's life. John Warnock Hinckley Jr. opened fire on Reagan and his party and wounded Reagan, Press Secretary James Brady, a security agent and a police officer.

One of the most active Popes ever, John Paul II, spent 1981 travelling the world, against the advice and fears of many. Unfortunately, his problem developed at home in Rome. While travelling in a procession through St. Peter's Square, a Turkish terrorist shot and wounded the Pope and two American women. The Pope recovered and continued to be active around the world.

1 President Ronald Reagan waves, then looks up before being shot outside a hotel, March 30, 1981.

2 A handgun, circled at left, is pointed at Pope John Paul II during an assassination attempt in St. Peter's Square, May 13, 1981.

2

The most serious of these acts of terrorism was the fatal shooting of Egyptian President Anwar Sadat. During a military parade celebrating the end of the Israeli-Egyptian war of 1973 a group of fanatical Muslims, belonging to the army, opened fire on the reviewing stand killing Sadat, five top military officials and injuring one American. President Sadat was a promoter of peace in the Arab world and created much controversy when he signed a peace treaty with Israel in 1977.

Nineteen eighty one was also a year of strikes. The first strike in the history of baseball disrupted the 1981 season. The players protested the free agent system, and the fans protested the strike even though most sympathized with the plight of the players. The fans enthusiasm picked up immediately at the end of the strike and continued up to the World Series where the Los Angeles Dodgers defeated the New York Yankees.

The air traffic controllers also went on strike in August, asking for a higher salary, but they lost their jobs as a result of violating a federal law, which prohibits federally employed workers from striking. This union, PATCO, was dissolved legally but continued to operate despite both President Reagan's ruling and the resignation of the PATCO union leader.

Achievements in flight began this year with the second launching of the space shuttle. The space shuttle was designed to carry men and equipment into space and return back to earth to be re-used. Already two more space shuttles are being built and the world's first military spaceport is now under construction in California.

In the field of ballooning, the Double Eagle's successful three day flight across the Pacific created another first. Captain Ben Abruzzo and his crew completed this mission only one year after making history with the first successful crossing of the Atlantic.

In the wedding of the year, Prince Charles of Wales married Lady Diana Spencer on July 29, 1981 at St. Paul's Cathedral in London. The spectacular event was televised world-wide and proved that the power of the British monarchy is as strong as ever. Prince Charles is next in succession for the British throne.

In the fight of the year, Sugar Ray Leonard defeated Thomas Hearns for the undisputed World Welterweight Championship. It was a long and close fight but ended when the referee declared a T.K.O. in the fourteenth round. A rematch is inevitable.

Faulty design led to disaster in Kansas City, Missouri when a walkway collapsed in the lobby of the Hyatt Regency Hotel. One hundred thirteen people died in the first accident of this kind. The uppermost walkway was not strong enough to hold the weight of the people and collapsed onto another walkway directly beneath it. Both walkways landed onto the lobby, where a dance contest was being held.

Mother Nature revealed her beauty with the eclipse of the moon. The eclipse reached approximately fifty five percent and provided a spectacle for all who watched.

A giant step in the advancement of women came this year when Sandra Day O'Connor became the first female to serve on the Supreme Court. Justice O'Connor

In the constant battle of espionage, a Soviet Submarine ran around near the high security Karlskrona Swedish naval base. The Swedes held the sub for several days, waiting for an explanation from the Soviets, but they blamed the mishap on faulty navigational equipment even though the navigation of the bay required the use of advanced navigational equipment and would have foundered far before approaching the base. The sub was finally released, but with much controversy because it was suspected that the submarine contained nuclear weapons after abnormally high levels of radiation were detected on the outside of the submarine.

Internationally, one of the gravest situations occurred when martial law was declared in Poland on December 13, 1981. On that day, Solidarity was banned, and most of its top leaders including Lech Walesa, were arrested. The Poles retaliated by staging hundreds of strikes, sit-ins and marches. There were several clashes between civilians and the military and unconfirmed reports placed total deaths over 700 and arrests of over 2000 dissidents.

The following month brought disaster in Washington D.C. No longer had the F.A.A. finished celebrating the longest fatality-free season when a Florida bound jet hit the 14th Street Bridge, killing six motorists and all but five people aboard the plane.

Locally, Michigan experienced the thrill of having Superbowl Sixteen at the Pontiac Silverdome that was nicknamed "Sweet Sixteen". Financially, the Superbowl was a success for most Detroit-area businesses. This was also the first Superbowl held in a northern city. Despite a cold front and snow, both fans and Michiganians enjoyed themselves.

ORGANIZATIONS

1

2

Northville High School offers students a wide variety of clubs and organizations. They range from promoting school spirit to developing academic skills. These clubs are: Student Congress, National Honor Society, Mustanger, Drama Club, Forensics, Co-op, German Club, Pep Club, Marching Band, Flag Corps, Choir, Cheerleading, Pom-Pon, and Yearbook.

- 1 Cast members of "Frankenstein" enjoy being in Drama Club
- 2 Matt Abraham goes from serious to plain nutty.
- 3 The Varsity Cheerleaders get into a peppy mount.
- 4 Marsha Louis types copy for the yearbook
- 5 Pom-Pon girls wave and shake it to the beat.

Student Congress

The Northville Student Congress has become more active than ever before. Their main purpose, to act as median between students and faculty, is carried out with programs such as the Vandalism Control Commission. They also lead charity events; two blood drives and a canned food collection for the poor.

Major activities sponsored by the Student Congress include the Sophomore party, Homecoming activities, class officer elections, and Spirit Week. This keeps the group busy and always ready for more student body involvement.

National Honor Society

National Honor Society, the most prestigious academic activity at Northville High has 65 members, which is more than ever before. Besides maintaining a high grade point average, (Sophomores 3.8, Juniors 3.6, Seniors 3.4) members must possess a strong character, leadership ability, involvement in other activities and teacher recommendations. Members presently run tutoring programs and with the help of their sponsor, Mrs. Woodard, they are extending services they can offer to the school and community. With monthly meetings, fundraisers and float building activities, students remain involved in Northville's Honor Society.

Palladium

The job of publishing a book of Northville High School memories challenged this year's small staff. Mrs. Koops, the sponsor, and Gil O'Rourke the Editor, guided the staff through collecting ads, taking pictures, writing copy, and designing layouts.

Last year's efforts resulted in one first place and two second place awards from Interscholastic Press Association.

Drama Club

The NHS Drama Club, sponsored by Mr. Kinde, annually sponsors two plays and attends professional productions. This year the club produced *Frankenstein* and *Grease*. They also attended *Robber Bridegroom* in which Ms. Dorrian-Sandbothe appeared, at a South Redford Community Theater. The club's co-presidents, Craig Zollars and Kurt Hoffmeister, have been working hard at putting the Drama Club back into financial order and have been successful with their efforts.

Forensics

Northville High School's most unpublicized activity is Forensics. Members of the Forensics team compete in different categories, testing their abilities in public speaking. Only the finest speakers are chosen for the team, so the team is not very large. Returning to this year's team were Steve Oulette and Heidi Schultz, who were last year's winners of the Florence Pantoni public speaking award.

Co-op

Northville's Co-op sponsors, Mrs. Gorshak and Mr. Saunders, lead students into a vocational program. Participants must take related classes in school to qualify for jobs. Co-op jobs look good on school records and after high school often turn into full time jobs, with seniority already earned. In the spring, a banquet is sponsored for employers to express appreciation for cooperating in the Co-op program. Besides earning credit, Co-op has proven to be beneficial in giving people an opportunity to work in fields they might be interested in for the future.

German Club

The German Club helps in sponsoring students to travel to and study in Germany as well as promotes a greater understanding of German culture in the U.S. It plans field trips to Frankenmuth, visits German restaurants, and hosts a pot-luck dinner at a member's home annually. The Club supports these activities by selling chocolate-filled Advent Calendars before December and Gummi-Bear candies throughout the rest of the year.

Cheerleaders

Cheerleading extends the whole year, from practice three times a week with games running fall and winter, to competitions in the spring, and camp preparation for the summer.

For the first time, NHS's two squads and their sponsor Lisa Maguire will host the Western-six cheerleading competition. The sixteen varsity and junior varsity cheerleaders also run the pep assemblies, and fundraiser activities for new uniforms and summer camp tuition. The Northville High cheerleaders have all been involved in cheering since Jr. High and are a positive addition to our sports program

Pom Pon

Promoting school spirit and presenting half-time entertainment during home football and basketball games is one of the jobs of the Pom Pon squad. This year the squad went to Albion College to attend the Badgerette Pom Pon Camp. They took third place in the A division, and Carolyn Dragon won first place in the individual competition. The squad was also among three other Pom Pon squads asked to perform for the Detroit Pistons.

Front row: Tracy Wool, Jeanne Stoddard, Co-Capt., Lori Coolman, Co-Capt., Diane Darrow, Karen Pattison, Chrys Carson. Back row:

Pep Club

Pep Club is an organization of twenty or so girls. Every year they sponsor the Homecoming Spirit week, and the Homecoming dance. Also, they run the concession stands for the sports events. With the money they raise, they plan to donate something to help the athletic department, as in 1979, when they helped buy the scoreboard in the football field. The club helped out during spirit week and also raised 140 dollars for the Muscular Dystrophy Association.

Marching Band and Flag Corps

The Marching Band performs many intricate working routines and geometric designs. The Band also capped a good season with a performance at the fall Band-o-Rama. NHS's 63 member Flag Corps made an excellent addition to the Marching Band's pre-game and half-time shows. Their colorful routines delighted many football fans.

Choir

The NHS choir was filled with talented vocalists. They met first hour every morning and sang essentially pop music. One of their techniques for improving was to record their songs, then to play back the recordings. In this way, they could hear their errors and correct them.

The choir performed with the bands in the spring recital.

1 Some flag girls take a rest after a grueling practice.

N.H.S. Bands

The Music department at NHS consists of Wind Ensemble I, II and Jazz Ensemble I, II, plus a concert choir.

Annually the bands perform concerts in and around the community and state.

The Marching Band performs at all NHS home football games and the Pep band at all the home basketball games.

The Wind Ensembles and Jazz bands annually participate in the MSBOA band festivals. The department presents Fall and Spring BAND-O-RAMA concerts featuring all the musical organizations at NHS.

Recordings of performances by the bands and choir are available on MARK Educational Records label.

Tom Siffer is from Nieuwpoorb, Belgium, a small town on the Atlantic coast. Tom has been active in NHS activities as he played on the soccer team, played "The Creature" in the fall play, "Frankenstein," and played Johnny Cassino in the Spring musical, "Grease." Tom speaks English, French and Dutch, which is his national language. He has given several lectures in French to NHS French students. Tom says he likes his classes and that they are not as difficult as his classes at home. Tom enjoys windsurfing, swimming, (he's a beach lifeguard) and sailing.

Marsela Sunjić is from Hostar-Boshia and Herzegovia, Yugoslavia. It was difficult for Marsela in making the decision to come to the United States, but she was glad she did because she has seen many pleasing things.

In her stay at NHS, Marsela, a senior, took six classes which is in contrast to school in Yugoslavia where she took 12 subjects. These subjects consisted of five or six classes, but the days were not similar. In school at home Marsela had more oral examinations and studied more about the world. Marsela enjoyed her stay in Northville and thought her teachers all very kind.

Erri Lindquist is from Tapiola, a town in Finland. Tapiola is only a few miles from the capital Helsinki. Erri says that school in Finland is much harder than NHS but that we have more subjects to choose from. In Finland Erri had fifteen subjects from which she could only choose two or three; the rest were required of everyone. Erri enjoys swimming, scuba diving, outdoor life, including the sea, travelling, photography and cooking.

Dennis Olivan is from Naga City, The Philippines. Dennis says that NHS is different and much easier than his school at home, where he can not choose his own subjects and it is the teachers who go from class to class, not the students.

One class required for graduation is the Citizen Army Training. Each year in September, there is a military parade in which schools compete with each other. Dennis has participated in several of these parades. Dennis' hobbies are photography, reading, music and watching movies.

COMMUNITY

The summer of '81 brought in many changes for the better in Northville. From the old-fashioned street lights to the smoothly paved streets, the town presents a quaint atmosphere for this day and time. Northville combines a pleasant blend of traditional and contemporary sites for those who live in and visit "our" town.

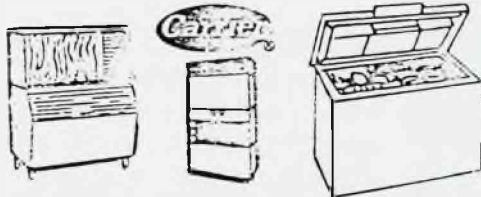

The community supports NHS as fans in our sporting events, and sponsors the high school in various school organizations.

- 1 One of Northville's many restored homes.
- 2 A student walks down NHS's snowy hill toward eight mile.
- 3 Northville's historical well still serves people with fresh stream water.
- 4 Northville's renovated Main Street makes driving a pleasure.
- 5 This marks the territory of one of Northville's music shops, the Giftfiddler.
- 6 In the heart of town is the Marquis, Northville's very own cinema.
